12:00 - 2:00 PM (LUNCH PROVIDED)
PRICE CENTER EAST BALLROOM

Men should not consider themselves innocent bystanders to injustices committed by other men against women. This seminar will provide an overview of key issues involved in being an aspiring ally in support of gender equity, including accountability, skills for bystander intervention, and relevant theory and research on the topic. Parallels for ally-ship where other forms of inequity are concerned will be discussed, along with the personal transformation required to make such efforts successful.
