- Communicate the results widely, engage academic employees in your unit in sense-making, and co-develop action plans in community.
- Be comprehensive in your interpretation of the data by attending to areas of strength (e.g., 90% did not experience negative behaviors) and opportunities for growth (e.g., 10% who did).
- Be attentive to disaggregated analyses indicative that some groups may be experiencing UC San Diego and your unit differently, on average, than others.
- Contact acadsurvey@ucsd.edu for questions.
